

# 30P / 35P / 40P

Forrage Choppers

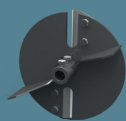

We introduce the JF 30P, JF 35P, and JF 40P Forrage Choppers, equipped with high production capacity that allows them to chop any type of forage, besides being highly economical and efficient in feeding livestock while offering greater performance and ease of operation. They are the ideal option for livestock farmers who are looking for an excellent value for money in their business.

## BENEFITS

- ✓ High performance and ease of operation;
- ✓ Low power consumption: ideal for producers looking for an efficient and economical solution;
- ✓ Versatility to work with various types of forage such as sugarcane, grasses in general, sorghum, maize, and other varieties for animal feed.

## TECHNICAL SPECS

	30P	35P	40P
Electric motor	from 2 to 3 hp	from 3,0 to 5,0 hp	from 7,5 a 10 hp
Combustion engine	from 4 to 6 hp	-	-
Productivity <sup>2</sup>	up to 1500 kg/h	up to 2500 kg/h	up to 7000 kg/h
Chopping size <sup>3</sup>	11 mm	11 mm	11 mm
Number of blades	2	3	3
Versions	electric motor base	electric motor mount	electric motor mount

<sup>1</sup>Engines are optional and sold separately. <sup>2</sup>Performance may vary depending on factors such as: chop size, forage production per hectare; tractor power; logistics capacity (trailers) for forage transportation. For stationary equipment: performance may vary depending on factors such as: availability of labor, engine power, type and quality of forage. <sup>3</sup>Approximate chop sizes.
